# 2015 australian energy storage conference

## Overview

---

Energy and climate-related policies have been accelerated by both state and federal governments, and for many companies the time feels right to invest in energy storage. This event gathers together investors, developers, IPPs, grid operators, policymakers, utilities, energy buyers, service.

Energy and climate-related policies have been accelerated by both state and federal governments, and for many companies the time feels right to invest in energy storage. This event gathers together investors, developers, IPPs, grid operators, policymakers, utilities, energy buyers, service.

Energy Storage Australia 2015, held at Double Bay's InterContinental Hotel on November 18-19 and organised by the Australian Solar & Energy Storage Councils, captured in both atmosphere and specifics the excitement and real opportunities for energy storage in Australia. The event consisted of two.
