Baic benz energy storage system

Overview

Daimler AG with its wholly-owned subsidiary Mercedes-Benz Energy and Beijing Electric Vehicle (BJEV), a subsidiary of the BAIC Group, have entered into a development partnership, intending to establish 2nd-life energy storage systems in China in the future. What is Mercedes-Benz Energy Storage System (MBESS)?

Efficient and flexible: The Mercedes-Benz Energy Storage System (MBESS). The Mercedes-Benz Energy Storage System can be tailored to different site requirements, either as an in-house solution or in a containerised format. About Mercedes-Benz Energy.

How will Mercedes-Benz Energy and Beijing Electric Vehicle collaborate?

Together, Mercedes-Benz Energy and Beijing Electric Vehicle plan to set up the first 2nd-life energy storage unit in Beijing, making use of retired BJEV electric car batteries. This project will serve as the basis for other types of cooperation in the future.

Why should you choose Mercedes-Benz Energy Storage Solutions?

Mercedes-Benz Energy Storage Solutions offer a flexible range of use cases. This versatility makes them efficient and reliable solutions for a wide range of applications. Efficient and flexible: The Mercedes-Benz Energy Storage System (MBESS).
