European energy storage exhibition abroad

Overview

What's happening at the European batteries & energy storage exhibition 2025?

The exhibition, one of Europe's largest and most international for batteries and energy storage systems, will take place from 7-9 May 2025. It offers invaluable networking opportunities for key industry players, including manufacturers, distributors, project developers, systems integrators, and both professional users and suppliers.

What is the European Commission doing about energy storage?

In 2020, the European Commission published a study on energy storage, which summarized some previous studies and reports, explored current and potential energy storage markets in Europe, and set out policy and regulatory recommendations for energy storage.

Is the Energy Storage Summit Germany 2025 event guide still available?

Stay plugged in and view the Official Event Guide for all the latest information on Energy Storage Summit Germany 2025 including: The 2025 Show Event Guide is still available. Click the button below to access it now and relive your Energy Storage Summit Germany experience.

Is Germany a leader in European energy storage?

Germany is positioning itself as a leader in European energy storage, with significant growth driven initially by the residential storage sector. Recently, utility-scale installations have accelerated with 184 MW of utility-scale battery capacity added in 2023 across 44 projects.

What is Germany's energy storage strategy?

In late 2023, the Federal Ministry for Economic Affairs and Climate Action introduced a national energy storage strategy, which aims to promote the development and integration of energy storage to support Germany's

Energiewende—a shift towards 80% renewable energy by 2030.

What's happening at Toshiba Electronics Europe?

Highlights include the ees Innovation Hub, forums and networking opportunities with industry leaders. Toshiba Electronics Europe will showcase its latest advances in battery technology, underlining its commitment to innovation and sustainability. ■ Toshiba Electronics Europe GmbH / Battery Division
