International energy storage innovation competition

Overview

Why should you attend the energy storage Conference?

This gathering of top energy storage talents will feature high-level energy storage reports and high-end dialogues, creating a grand academic and exchange event for the energy storage industry. At the same time, there will be a greater emphasis on international layout and promotion.

What is China Energy Storage Summit?

This summit, co-hosted by the China Energy Storage Alliance, the People's Government of Baiyun District, Guangzhou, China Southern Power Grid Technology Co., Ltd., and Guangdong Advanced Energy Storage National Research Institute Co., Ltd., brought together over 200 global leaders in the industrial and commercial energy storage industry.

How can energy storage companies expand globally?

Fully initiating international cooperation to support energy storage companies to expand globally. The expo will invite participation from power companies, power generation groups, grid companies, transmission and distribution operators, grid system operators and integrators, new energy manufacturers and investment institutions.

What is China energy storage CEO Summit 2024?

The "2024 China Energy Storage CEO Summit", guided by the Guangdong Provincial Development and Reform Commission and the Guangdong Provincial Energy Bureau, was recently held in Guangzhou on January 7-8.
