International power storage battery exhibition

Overview

Relying on the huge scale of “SNEC International Photovoltaic Power Generation Exhibition”, its international influence, and customers in the solar energy industry, the Shanghai New Energy Industry Association (SNEIA) launches the “10th SNEC ES+ (2025) International Energy Storage & Battery Technology and Equipment (Shanghai) Exhibition”, which will be held in Shanghai on Oct. 10-12 2025, at Shanghai New Int'l Expo Center. What are energy storage exhibitors?

These exhibitors cover every aspect of the energy storage industry chain, including battery technology, smart grids, renewable energy integration, and more. This highlights the event's international reach and industry influence, creating an efficient platform for global exchange and collaboration in the energy storage sector.

What is the International battery seminar & exhibit?

The International Battery Seminar & Exhibit, founded in 1983, is the premier event showcasing the state of the art of worldwide energy storage technology developments for various applications.

What can you expect at a battery & energy storage exhibition?

Covering 30,000 sqm, the exhibition will feature top manufacturers, suppliers, and service providers from across the battery and energy storage sectors. Attendees include professionals from electric vehicle, energy storage, and consumer electronics industries, along with government representatives and investors.
