Nissan portable energy storage power supply

Overview

Does Nissan have a portable power station?

” Nissan seems to have an answer with their new portable power source. Developed together with electronics maker JVCKenwood Corp. and 4R Energy Corp., a company co-owned by Nissan and Sumitomo Corp, the portable power station (it doesn’t have a fancy name yet) reuses the old Leaf batteries to supply power and act as a battery bank.

Can Nissan use old leaf batteries in portable power packs?

Nissan is using old Leaf batteries in portable power packs developed with electronics maker JVCKenwood and 4R Energy, a company owned by Nissan and Sumitomo, which works on power storage systems. The “portable power stations” can provide emergency support or simply power gadgets.

What is a Nissan portable power source?

The Nissan portable power source is, however, the first solution designed for normal consumers. The application for the portable power station is immense – ranging from off-grid power supply to emergency uses during earthquakes or other natural disasters.

Can a Nissan Leaf pack a portable power station?

Since the Leaf is among the best-selling (or sold) electric vehicles in the world, there is a lot of potential to pack portable power stations. Nissan marked 1,000,000 all-electric vehicle sales globally in July since the Leaf model entered the market in December 2010.

Can EV batteries be used as backup energy storage?

It is, of course, not the first time Nissan is looking into the secondary use of EV batteries. Most recently, in Melilla, a Spanish enclave in North Africa, Nissan and Enel installed 48 used Leaf batteries and 30 new battery packs as backup energy storage to prevent power supply interruption.

Can old Nissan batteries power automatic guided vehicles?

Old Nissan batteries also power Automated Guided Vehicles (AGV) in a car factory in Oppama, Japan. These are the more incidental examples building on longstanding research into second-life use.

Nissan portable energy storage power supply

Power Up Your Energy World at the Battery Expo!
