

**JH Solar**

# **Spare parts for energy storage**

## Overview

---

What spare parts are available for industrial batteries & energy systems?

As your expert for industrial batteries and energy systems, we have a wide range of first-hand spare parts available for you. Our portfolio includes battery-, charger- and system components. We also offer accessories for safety equipment, water treatment systems and lifting equipment.

What spare parts do we supply?

Opel Zone in Pretoria supplies NEW Replacement Spares & USED parts, including Engines, Gearboxes, Fuel Pumps, Cooling Parts, Suspension parts, and Body Parts such as Headlights, Front Bumpers, Fog lights, and Grilles.

What is a spares package?

Our experts can work with you to design an optimal spares strategy over time & spares packages to help reduce your downtime and improve your equipment availability. Packages may include commissioning, operational, insurance and/or maintenance spare packages as well as emergency or inventory refill packages.

What is a spare parts strategy?

Packages may include commissioning, operational, insurance and/or maintenance spare packages as well as emergency or inventory refill packages. Your spares strategy might also include the overhaul and reconditioning of parts, parts repair and/or spare parts management. Why work with your OEM on your spare parts strategy?

.

Why should you invest in spare parts?

Spares, and more specifically spares availability is therefore a critical enabler to maintain your equipment. Defining the optimal investment in spare parts

aligned to your operational needs is key. Having spare parts available on site compatible with your equipment will save downtime from a few days up to several weeks or months.

Why is a robust spare part strategy important?

The availability and efficiency of the engine systems that generate this power, in turn, rests on the quality and effortless supply of parts. This is why a robust spare part strategy is a cornerstone of reliable plant operation. It is crucial to both the capacity to meet contractual output commitments and the plant's bottom line.

## Spare parts for energy storage

### Battery Energy Storage System - Lister Petter\_150 years British ...

- Efficient Higher Revenue**
  - Max. Efficiency 97.5%
  - Max. PV Input Voltage 600V
  - 100% Peak Output Power
  - 2 MPPT Trackers, 150% DC Input Overvoltage
  - Max. PV Input Current 10A, Compatible with High Power Modules
- Intelligent Simple O&M**
  - IP66 Protection Degree, support outdoor installation
  - Smart I-V Curve Diagnosis Function, locate PV string faults accurately and automatically detect faults
  - DC & AC Type II SPD, prevent lightning damage
  - Battery Reverse Connection Protection
- Flexible Abundant Configuration**
  - Plug & Play, EPC Switching under 30min
  - Compatible with Lead acid and Lithium Batteries
  - Max. 6 Units Inverter Parallel
  - AFC Function (optional): when an ac fault is detected the inverter immediately stops operation

### Pearce Launches Online Store for Renewable Energy Spare Parts

Recommended spare parts for wind, solar, EV charging, or energy storage assets Hold and maintain customer-specific inventory Clients can now purchase hard-to-find ...

Mandatory For more information on the removal and replacement procedures, see Removing and replacing the energy pack.
