Xinte electric energy storage system

Overview

Will Xinte energy expand its polysilicon capacity?

TBEA-owned Xinte Energy 's poly division has announced it will invest around RMB17.6 billion (US\$2.8 billion) to expand its polysilicon capacity by another 200,000 metric tons. The expansion plan approved by the board of TBEA today envisages the construction of a new factory in Changji county, in the Xinjiang Uygur autonomous region.

How much money will Xinte Energy Invest in China?

TBEA said around RMB8.8 billion will come from the initial public offering of Xinte Energy on China's stock market while the remaining amount will come from bank loans.

Where is Xinte's new factory located?

Xinte's new manufacturing facility is planned to be located in Changji county, in the Xinjiang Uygur autonomous region. Moreover, Longi is planning to build another factory in Erdos City, Inner Mongolia.
