Zambia energy storage vehicle manufacturers ranking

Overview

Why should German and European service providers invest in Zambia?

For German and European service providers active in the energy sector, Zambia presents significant potential for business development. There are clear needs across the solar energy and storage value chain, including project development and financing, equipment manufacturing, system integration and contracting.

What companies trade in electricity in Zambia?

Private companies also trade in electricity in Zambia. The largest of these, Copperbelt Energy Corporation Plc (CEC), buys electricity primarily from ZESCO and sells it to the various mines in the Copperbelt Province. It also operates its own generators, most of which run on fossil fuels.

Where is the manufacturing sector located in Zambia?

The 2020 Labour Force Survey states that the manufacturing sector accounts for 27% of formal employment in Zambia. Manufacturing industries (including agro-processing industries discussed above) are mainly located in the Lusaka and Copperbelt Provinces.
